

## Scott Goczkowski

Scott has been in the green industry for over twenty years. He has a bachelor's degree in horticulture and landscape design from Iowa State University. Scott's experiences range from garden center day to day operations to buying nursery stock from the nation's leading growers to designing and overseeing the installation of his designs. For the past 10 years Scott has led the design and implementation of over 500 landscape installations in the Chicagoland area.
