FRONT YARD

Express Design Service

This service provides the homeowner with a real-time collaborative design session with an experienced Lurvey Landscape Designer. The meeting is

held remotely using a 90-minute screenshare meeting via Zoom. The finished product is a **highly intuitive, 18" x 24" computerized planting plan.** Included with the design are an informative plant list and a materials quote, perfect for customers with DIY ambitions or contractor installations! During the meeting, your designer will discuss tips for installation and the long term success of your new garden.

For a fee of \$179, this service provides the homeowner...

A Completed Design that includes:

- **A Retail Materials Quote**
- **Three Lurvey Connect Contractor Referrals**

10% OFF Coupon

- **Good for materials used to complete that project**

To schedule and pay for your appointment, go to:
lurvey.com/book-now

After scheduling on-line, you provide the following to the designer prior to the meeting:

Current Plat of Survey (*Required*)

A few current pictures of the area (*Required*)

Sketch with measurements of the existing soil bed area or other measurements that could be helpful

Direction that the front of the house faces so the designer can analyze sun exposure

Soil conditions (*dry, moist, clay, etc.*)

Any likes or dislikes

FREQUENTLY ASKED QUESTIONS

How large of an area will one session cover?

A designed surface area up to 500 square feet is included in the base price. Customers with a front property line wider than 75' as shown on the Plat of Survey will be charged an additional prorated fee at the end of the service, to the discretion of the designer, but not to exceed an additional \$179.00.

Can I request to have my meeting done as an In-store meeting or have a design session for a small area that is not a front yard?

Please contact the **Design Department directly at (847) 824 -0756** to request a manual scheduling of your meeting, or to discuss other areas.

Will I receive the design at the end of the session?

You can expect the plan to be 95% complete by the end of the session, after which the designer will finalize the drawing with plant photos and a plant list. In most cases, the PDF of the design will be emailed within 2 days, with a plant quote to follow shortly after. Two copies of the printed plan (18" x 24") will arrive in the mail 5-7 days from the meeting.

How do I place an order for material?

From the time a customer places an order from a designer generated quote, a 7-10 day lead time is requested to prepare the order. A completed order may be picked up by the customer, a contractor, or you can choose to have Lurvey deliver it to your home. Contact your designer by email to begin the order. Please allow up to 48 hours for a response.

Who is responsible for contacting the referrals for installation given to me by the designer?

The customer is responsible for contacting the Lurvey Connect Contractor referrals to request an installation quote.

The designer was very helpful and the collaborative process was both fun and informative. They introduced me to more ideas and plants in a single Saturday morning than I could have found on my own. The plan they gave me was easy to follow and provided the needed guidance for maintaining the landscape.
