Frequently Asked Questions:

FRONT YARD DESIGN EXPRESS

This service provides the homeowner with a fast, real-time collaborative design session with an experienced Lurvey Landscape Designer. Lurvey Design Express is perfect for customers with DIY ambitions or contractor installations!

The Process

The meeting can be held remotely using a 90-minute screenshare meeting via Zoom or in-person at Lurvey Home & Garden.

After scheduling on-line, you provide the following to the designer prior to the meeting:

- Current Plat of Survey (Required)
- A few current pictures of the area (Required)
- Sketch with measurements of the existing soil bed area or other measurements that could be helpful
- Soil and light conditions (dry, moist, clay, etc.)
- Any plant preferences

During the meeting, your designer will discuss tips for installation and the long term success of your new garden. The finished product is a **highly intuitive, 18" x 24" computerized plan.**

Scan the code to schedule your meeting.

Pricing

FEES START AT

Front Yard
up to 500 sq.ft.

\$249

Completed design includes:

- A detailed materials quote
- Contractor referrals as needed
- An informative plant list

Additional fees may be assessed by the designer if project parameters exceed the stated limits.

YOU ALSO
RECEIVE A 10%
OFF COUPON!

Good for materials used to
complete that project

BACK YARD DESIGN EXPRESS

This service is nearly identical to the Front Yard Design Express, but is focused on back yard spaces. This allows for the design of spaces up to 700 sq. ft. and can include conceptual designs of hardscape areas like walkways and small patios.

The Process

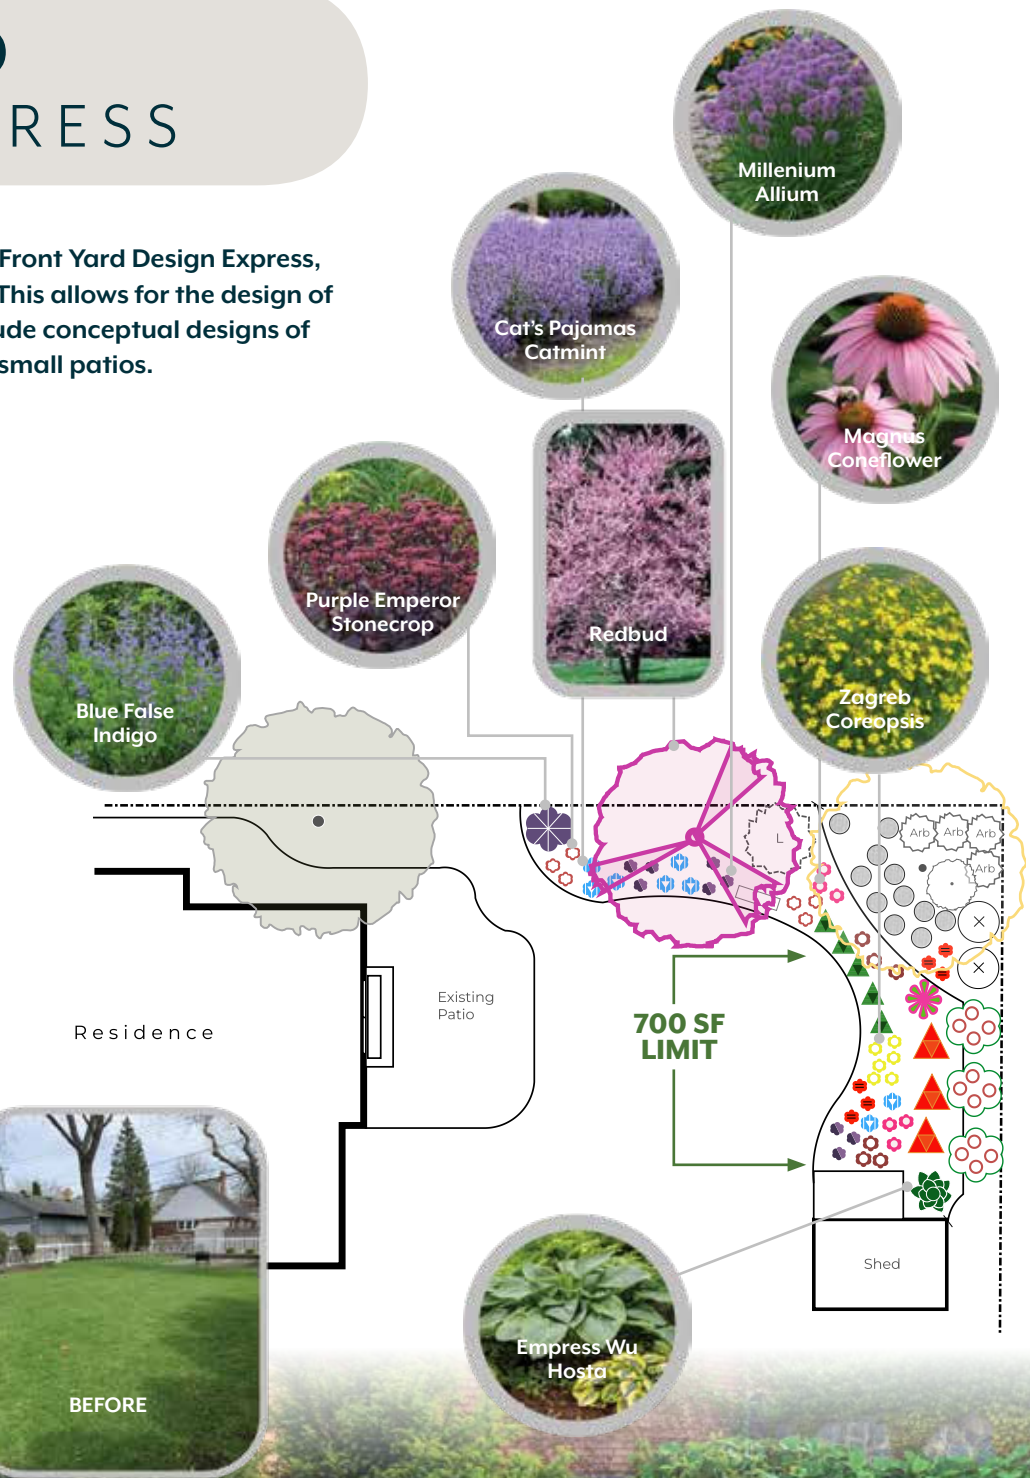

The process and deliverables are the same as the Front Yard Design Express. After a 90-minute collaborative design session, held via Zoom or in-store by request, you will receive a highly intuitive, 18" x 24" or 24" x 36" computerized plan.

FREQUENTLY ASKED QUESTIONS

Does Lurvey offer installation services?

We do not offer installation services for larger projects but do provide you with the names of preferred contractors that you may contact directly to assist you with the installation of your project. For small projects, we do have a contractor that can install your project. Please contact your designer or the Service Counter for more information about this service.

Do you offer discounts on materials purchased, or credits towards materials, when I use Lurvey Design Services?

When you use Lurvey Design services, you will receive a 10% discount on all purchases made through the Garden Center for that project.

Should I provide anything other than a plat of survey and pictures?

Especially for a backyard, we will likely need a sketch with dimensions on 8 1/2" x 11" paper, on graph paper, or a pencil sketch written directly on the plat before scanning. Features to measure are walks, stoops, and planting beds (length, depth, and approximate shape). Also, measurements of any existing trees you will be keeping, and approximate placement of shrubs or perennials you plan on keeping. Likes, dislikes, and inspirational photos could be included in the text of the email to the designer as well.

Should I connect to the meeting using my phone or a laptop/iPad/PC?

It does not work very well to walk around your yard and show us features with your Zoom Camera during the meeting. The picture distorts too much. The best way to view the meeting is on a large screen inside your house in a comfortable sitting position with minimal glare on your screen.

Can I request to have my meeting done as an In-store meeting?

Please contact the Design Department directly at (847) 824-0756 to request to schedule an in-store meeting.

How do I place an order for material?

Contact your designer by email to begin the order. From the time a customer places an order from a designer-generated quote, a 7-10 day lead time is requested to prepare the order. A completed order may be picked up by the customer, a contractor, or you can choose to have Lurvey deliver it to your home. Please allow up to 48 hours for a response during peak season.
